

Don Higgins Memorial Goalie Award

Don grew up playing goalie in the Brussels Minor Hockey Association. At a young age he showed no fear stopping pucks. One of his coaches, Wayne Lowe would always say “you’re not going to get any better sitting on the bench”. Don took those words and through his strong work ethic and desire to improve continued to strengthen his game. He went on to play Junior C for the Wingham Ironmen after minor hockey. His Ironmen jersey hangs in the North Huron Westcast Community Complex in tribute to him.

In addition to his natural abilities and talents Don also showed great sportsmanship. He always respected coaches and referees and Don always made time for teammates. Whatever it took he was willing to help out and would not hesitate to put others before himself.

This award in honour of Don represents some great qualities of courage, respect and friendship among the hockey community.

Congratulations to this years recipient.
