5.3 Affiliation

Preamble:

Affiliation is the process whereby teams "call up" players from an OMHA approved list to play in games or practices to support the operation of that particular team.

Coaches, players and parents must understand that the whole affiliation process is necessary in order to run an efficient hockey program. With this in mind, all persons involved must remain flexible and try to look at the big picture rather than their particular situation only.

The following rules have been put in place in order to protect the Association's best interests. Where a concern is raised as to the interpretation of a particular statement, the responsibility for resolution rests with the executive, the President shall resolve any conflict.

- a) BBMHA teams shall affiliate as per OMHA rule #23 with the following additions:
- b) In order to protect the Association's best interests, each team is required to initially limit the number of affiliates to a maximum of 10.
- c) Where horizontal affiliation (i.e. within the same age group) is available, it has priority over vertical affiliation (i.e. from a younger age group to an older one). Where horizontal

affiliation is not available an attempt to resolve a conflict will be made by the two coaches. If the coaches cannot resolve the issue, the Technical Director, in consultation with the President, will make a ruling and document the reasoning to the coaches.

- d) For games, teams will only be allowed to bring up affiliate players to match the number of players listed on their OMHA approved roster sheet. If a team wants to go above their rostered level of players using affiliate players, then approval of the respective executive is required. This will be decided on a case-by-case basis depending on the circumstances involved. The specific exception to this rule will be in dealing with goalies where much more flexibility will be required by all involved.
- e) An affiliate player may miss practice with his base team. Consent from a member of Team Management (Head Coach, Assistant Coach) of the team that the player is carded to must be received by the coach requesting use of the affiliate player. The Technical Director must be informed of any of these consents.
- f) The player's Team Management has no right of refusal except under the following circumstances:
 - A conflict does not exist when:
 - the higher categorized team plays or practices after the lower categorized team plays or practices or
 - the lower categorized team practices after the higher categorized team plays or practices
 - By virtue of game locations and the travel involved, there is a reasonable doubt that the affiliated player would be able to make it to a game with his base team. In cases of dispute between the two coaches, the final decision rests with the President
 - The player is under suspension. OMHA Rule 50.3 will then apply.
- g) The Executive reserves the right to rule on any of the above guidelines. If any coach does not agree with the decisions of the Technical Director he/she has the right to consult with the President whose decision will be final.

In the case of a player registered with both the OWHA and OMHA, the player must designate their primary team at registration. The player will be expected to follow the above rules using their Primary team as their Base team.
